South Bay Salt Pond Restoration Project
Project Areas
Lands Sold to Local Government
Reference Features
Highway
Railroad
Power transmission
Tide gauge
Potential limit of 100-year high tide (USACE 1988)
Aqueduct (above and below ground)
Stormwater pump, outfall, gate
Municipal wastewater discharge and pipeline
Ownership (open space)
The Bay Trail
Trails, other
Habitats
Former Salt Pond
Lagoon
Active Salt Pond
Farmed or Grazed Bayland
Tidal Marsh
Ruderal Bayland
Diked Marsh
Storage or Treatment Basin
Mudflat
Upland open space (selected)
Kilometers
0 2 4
Miles
0 2 4
Map datum and projection: NAD 83, UTM Zone 10
Map data: San Francisco Estuary Institute (habitats [adapted], pond boundaries, bay shoreline, aqueduct); Moffatt-Nichol Engineers (stormwater facilities, tide gauges); US Army Corps of Engineers (100-yr tide line); US Geological Survey (aerial photography); GreenInfo Network (upland open space [adapted], ownership [adapted]); EDAW, Association of Bay Area Governments, and Bay Area Open Space Council (trails [adapted]).
Map by: Michael May, Ruth Askevold, and Eric Wittner, San Francisco Estuary Institute.
Map date: May 30, 2006.
