Re: Donahue Wildman
27910 Pacific Coast Highway
Malibu, California

Dear Ms Grimm:

This will confirm our telephone conversation on March 16, 1989. Thank you for taking the time to discuss with me the present status of the Conservancy's plans regarding the Donahue Wildman property.

As we discussed, Jonathan Horne and I would like to meet again with you to discuss our engineering analysis of the parking and vertical access easements which affect the Wildman property. You mentioned that one difficulty in scheduling the meeting at this time is that you were uncertain whether Peter Brand has been reassigned to other matters.

As we left things, I will give you a call sometime during the week of March 20, 1989, to determine whether Mr. Brand is still involved in this matter and, if not, whether it is possible to schedule, in the near future, a meeting with you and Mr. Brand's successor.
