Re: Donahue Wildman

Dear James:

As you requested, I would appreciate your assistance in providing any information regarding the questions set forth below regarding the Conservancy:

1. The Conservancy's total annual budget for the fiscal years 1982-1986.

2. The Conservancy's actual budget for fiscal year 1984.

3. The amount budgeted in fiscal year 1984 for acquisition and/or development of accessways. This may already be answered in #2 above.

4. In June 1984, the total number of vertical public access easements/offers to dedicate held by the Conservancy throughout the state. Same question, in Malibu.

5. Of the total number identified in #4, in June 1984, how many were opened or planned for opening.

6. Of the total number identified in #4, in June 1984, how many included contiguous public parking easements/offers to dedicate held by the Conservancy. Same question, in Malibu.

7. Of the total number identified in #4, in June 1984, how many had been the subject of a survey, geological study, or feasibility study.

8. In June 1984, were any funds specifically budgeted or earmarked for development of the Chiate/Wildman easements.

9. In June 1984, what were the Conservancy's stated public policy goals for public access.

10. To date, what efforts have been undertaken to assess the feasibility of developing the Chiate/Wildman easements.

Please feel free to call me with any questions. I greatly appreciate your courtesy and cooperation in working on this.

Very truly yours,

JONATHAN S. HORNE
