Subject: RE: 20802 Pacific Coast Highway, Malibu

Dear Mr. Aftergood:

We are in receipt of your June 13, 2013 letter attached to your email, directly below. As we stated in our April 17, 2013 response to your March 2013 initial letter to us, the Conservancy will forward any correspondence from you to the Mountains Recreation and Conservation Authority (MRCA) for its consideration in its preparation of the Malibu Accessway Public Works Plan. To date, we have forwarded all of your correspondence to the MRCA including that of April 18, 2013.

Furthermore, as we provided in our April 2013 response to you, until such time as this planning process is completed, the Conservancy does not intend to make any response to your continuing correspondence pertaining to the facts, analysis or debate on the publicly-owned accessways lying over your clients' property or on any other accessways included or not included in the proposed plan. Any information provided by you will be considered by the MRCA in its preparation of its Public Works Plan for Malibu Accessways. A lack of specific response from us back to such correspondence from you means that we have forwarded your correspondence to the MRCA for its consideration and until the MRCA completes its plan, we do not have a response.

Sincerely,

Elena Eger
