RE: La Chuza Beach Coastal Access Feasibility Study

Dear Chuck:

This letter is to authorize you to conduct an access feasibility study as outlined in your letter dated July 29, 1991. The fee for the study will be \$2,400. Your schedule of a site visit on August 7th, 8th, or 9th is acceptable. I look forward to receiving a draft of the feasibility report approximately a week after your site review. Once we finalize the feasibility report, I will forward it to the Coastal Conservancy with a cover letter from my office.

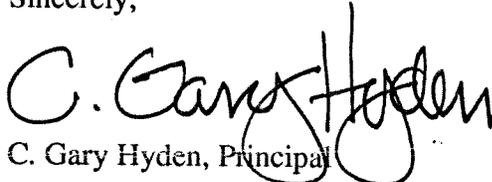

C. Gary Hyden ASLA  
California Registration 1741

The Conservancy would like to take this report to the September Board Meeting. Therefore, we need to have the final report submitted to Conservancy by August 23.

Steve Horn, the Coastal Reservation and Restoration Program Manager, will be your contact with the Conservancy; his number is (415) 464-1015. Steve will coordinate your site visit with the property owner, as well as help obtain any base information available.

I look forward to the opportunity of working with you again.

Sincerely,

  
C. Gary Hyden, Principal

cc: Brenda Buxton  
Steve Horn
