

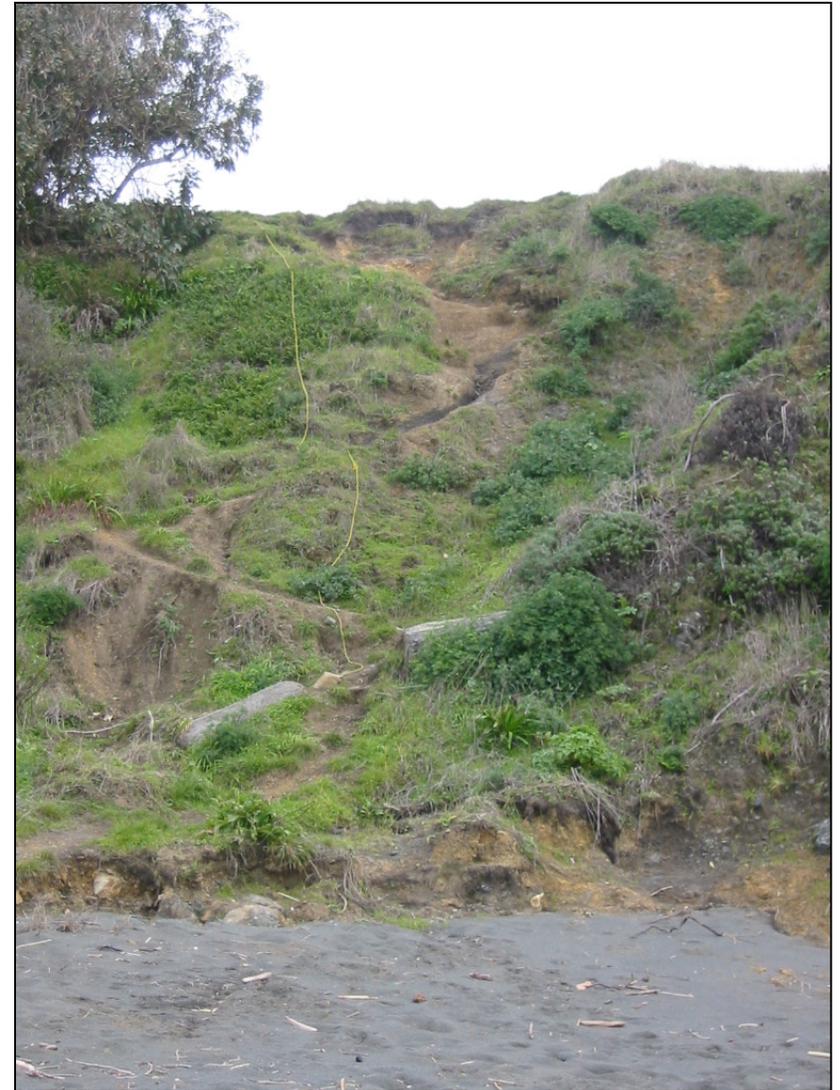

### Exhibit 3: Property Photos

Informal trail from bluff top to beach. The yellow rope in both photos is used to help secure passage down the bluff. Photo above is taken from the blufftop, while the photo to the left shows the steep bluff trail from the beach. WVS will construct a stairway to the beach, which will include a boat chute for small crafts such as kayaks and canoes.

Left: Coastal views from the property to the north and south.  
Above: Remnants of the historic wharf
