RE: City of Fort Bragg Grant Augmentation Request/Pomo Bluffs Park

Dear Chairman Bosco:

I am writing in support of the City of Fort Bragg's application to revise the Pomo Bluffs Park Improvements Construction grant in order to receive additional funding of approximately \$31,200. These funds will enable the City to construct an extension of the Pomo Bluffs trail, providing a critical link between Highway 1 and the existing Pomo Bluffs Park trail. Public access to the ocean bluffs will be enhanced for pedestrians and bicyclists.

Since its official opening in April 2006, Pomo Bluffs Park has proven to be an extremely popular attraction for local residents and visitors. The Mendocino Coast is a spectacular tourist destination, and the additional trail will improve visitors' access to the California ocean bluffs. As this trail is a segment of the California Coastal Trail, its completion is especially worthwhile.

Thank you for your consideration of this proposal and for your continued support of public access and coastal preservation in California.

Sincerely,

A handwritten signature in black ink that reads "Mike Thompson".

Oakland, CA 94612

Dear Mr. Bosco:

I am writing in support of the City of Fort Bragg and its application for funding from the State Coastal Conservancy to augment the Pomo Bluffs Park Improvements Construction grant project.

Approximately \$31,200 is needed to construct a pedestrian/bicyclist path that will connect the existing Pomo Bluffs Park trail to Highway 1. This connection is critical and will provide visitors with continuous access from the highway to the ocean bluffs. As you know, the Mendocino Coast is a favorite destination for tourist from all over the world and with improvements such as these we can make this beautiful area safe and accessible.

I would appreciate your favorable consideration of this important project which will enhance access for pedestrians and bicyclists in the First Assembly District.

Respectfully,

A handwritten signature in cursive script that reads "Patty Berg".

RE: City of Fort Bragg Grant Augmentation Request - Pomo Bluffs Park

Dear Chairman Bosco:

I am writing to express support for the City of Fort Bragg's application to revise the Pomo Bluffs Park Improvements Construction grant project in order to receive additional funding of approximately \$31,200. These funds will enable the City to construct an extension of the Pomo Bluffs trail, providing a critical link between Highway 1 and the existing Pomo Bluffs Park trail and enhancing public access for all pedestrians and bicyclists.

Since its official opening in April 2006, Pomo Bluffs Park has proven to be an extremely popular attraction for local residents and visitors alike. The Mendocino Coast is a statewide, national and international visitor destination, and the additional trail will enhance visitors' increasingly-limited access to the California ocean bluffs.

I strongly support completion of this link to the California Coastal Trail and encourage the State Coastal Conservancy to approve this application.

Sincerely,

A handwritten signature in blue ink that reads "Kendall Smith".
