Dear Ms. Small,

The purpose of this letter is to pledge my support for the restoration project being undertaken by Crystal Cove Alliance to restore and convert the existing historic Cottage #13 (The Beaches Cottage) located at Crystal Cove State Park Historic District to the Park Museum. It is my understanding that the planned Park Museum will be open to the public and that there will be no admission charged.

The Park Museum will be another public benefit to the already very popular Crystal Cove State Park Historic District. The theme of the museum will be to feature the over 20 movies that were produced at Crystal Cove with the most famous being "Beaches", with Bette Midler, which was filmed in 1988 at Cottage #13.

In addition the Park Museum will be available to the public to reserve for small special events during the hours that the Museum is closed.

This project that is being undertaken by Crystal Cove Alliance is very ambitious since the cost to restore and protect the cottage from the ocean and a bluff behind the cottage is estimated at \$900,000. I understand that the Coastal Conservancy is considering making a low interest loan in the amount of \$400,000 to Crystal Cove Alliance.

In summary, I strongly support this project and urge the Coastal Conservancy to approve the requested \$400,000 loan, which will then allow the project to proceed.

I remain respectfully,

JOHN CAMPBELL
Member of Congress

RE: Support for Crystal Cove Alliance loan application

Dear Chairman Bosco and Members of the Board of Directors:

I write to urge your support for the Crystal Cove Alliance's application for a \$400,000 loan which would fund the "Beaches Cottage Film Museum Restoration Project." This project would convert an existing historic cottage (Cottage 13 – the Beaches Cottage) into a Park Museum.

The Park Museum would add another public benefit to the already very popular Crystal Cove State Park Historic District. The museum will feature over twenty movies that were produced at Crystal Cove. The most famous of these was "Beaches," starring Bette Midler, which was filmed at Cottage 13 in 1988. The Park Museum will be open to the public and no admission will be charged. In addition, the Park Museum will be available to the public for small, special events during the hours outside of the Museum's operation.

As I understand it, the Coastal Conservancy is considering a low interest loan in the amount of \$400,000 to assist the Crystal Cove Alliance in this very ambitious project.

I strongly support this project and urge the Coastal Conservancy to approve the requested \$400,000 loan, which will then allow the project to proceed. Thank you for your consideration of this recommendation.

Sincerely,

A handwritten signature in black ink that reads "Tom Harman".

Chairman Douglas Bosco
California Coastal Conservancy
Attention: Mary Small, South Coast Regional Manager
1330 Broadway, 13th Floor
Oakland, California 94612-2530

Dear Chairman Bosco and Ms. Small:

The purpose of this letter is to pledge my support for the restoration project being undertaken by Crystal Cove Alliance to restore and convert the existing historic Cottage #13 (The "Beaches" Cottage) located at Crystal Cove State Park Historic District to the Park's Museum. It is my understanding that the planned Museum will be open to the public and that there will be no admission charged.

The Park Museum will be another public benefit to the already very popular Crystal Cove State Park Historic District. The theme of the museum will be to feature the over 20 movies that were produced at Crystal Cove with the most famous being "Beaches", with Bette Midler, which was filmed in 1988 at Cottage #13.

In addition, the Park's Museum will be available to the public to reserve for small special events during the hours that the Museum is closed.

The Crystal Cove Alliance has an ambitious goal here – it is to restore and protect the cottage from the ocean and a bluff behind it. The estimated cost is \$900,000. I understand that the Coastal Conservancy is considering making a low interest loan in the amount of \$400,000 to Crystal Cove Alliance.

In summary, I strongly support this project and urge the Coastal Conservancy to approve the requested \$400,000 loan, which will then allow the "Beaches" cottage renovation effort to proceed. Thank you for the good work you do to protect California's coastal resources.

Sincerely,

KEITH CURRY
Mayor of Newport Beach
