Dear Douglas:

I am writing in support of the County of San Diego's grant application to the Coastal Conservancy for the Tijuana River Valley North East Trail Connection project.

The proposed Tijuana River Valley North East Trail Connection project will include approximately 3/4 miles of multi-use trail improvements and related amenities within Tijuana River Valley Regional Park. The project will create an important link between the community of Otay-Nestor and the active recreation and wildlife viewing areas within the park.

When completed, the Tijuana River Valley trail system will provide residents of San Diego, Imperial Beach, Chula Vista, National City and other communities in San Diego County access to the many recreational facilities and natural resources located along the Tijuana River and the California coast. Furthermore, this trail system will provide an important linkage to trail systems located within the Border Field State Park and the Tijuana Estuary to the west.

I appreciate your attention to this matter.

Sincerely,

BOB FILNER
Member of Congress

**RE: SUPPORT FOR TIJUANA RIVER VALLEY NORTH EAST TRAIL CONNECTION PROJECT COASTAL
CONSERVANCY GRANT APPLICATION**

Chairman Bosco:

I am writing to express my support for the County of San Diego's grant application to the Coastal Conservancy for the Tijuana River Valley North East Trail Connection project.

The proposed Tijuana River Valley North East Trail Connection project will include approximately 3/4 miles of multi-use trail improvements and related amenities within Tijuana River Valley Regional Park. The project will create an important link between the community of Otay-Nestor and the active recreation and wildlife viewing areas within the park.

When completed, the Tijuana River Valley trail system will provide residents of San Diego, Imperial Beach, Chula Vista, National City and other communities in San Diego County access to the many recreational facilities and natural resources located along the Tijuana River and the California coast. Furthermore, this trail system will provide an important linkage to trail systems located within the Border Field State Park and the Tijuana Estuary to the west.

For these reasons, I am pleased to provide my support for the Tijuana River Valley North East Trail Connection project and the development of a comprehensive recreational trail system. We appreciate your favorable consideration for state grant funding for this worthy project.

Sincerely,

Ben Hueso

Support for Tijuana River Valley North East Trail Connection
Project Coastal Conservancy GRANT Application

Dear Mr. Bosco,

This connection will complete the first year-round multi-use trail in the Tijuana River Valley to connect Dairy Mart Road to Hollister Street. The area has a beautiful ^{trail} surrounded by a large pond and forests of willow. The problem is that during the winter, rains turn the clay roads into a mire preventing recreational and scientific use of the area via trails. This grant would make the trail available to the public year round. I hope that you will support this connection. If you have any questions, please contact me at (619) 421-4548 or email gmoria72@cox.net.

Sincerely,
Gale Moriarity
Equestrian and naturalist
