Re: Letter of Support – Crescent City Harbor District's Coastal Conservancy Grant Application

Dear Chairman Bosco:

This letter is to express my support for the Crescent City Harbor District's grant application to the California State Coastal Conservancy for grant funds for the construction of a Waterfront Promenade surrounding the Inner Boat Basin and an extension of the Coastal Trail. Previously, the Harbor District received a grant from the California State Coastal Conservancy for the development of Design Guidelines for the Harbor as well as preparation of plans for development of the Coastal Trail extension, a Waterfront Promenade, two new restrooms and other access improvements, as well as interpretive and wayfinding signage.

This proposed construction project will be coordinated with the Inner Boat Basin Reconstruction Project presently underway. The extension of the Coastal Trail and construction of the Waterfront Promenade around the Inner Boat Basin are essential to the overall improvement and development of the Harbor, increasing the attractiveness of the area to visitors and locals alike. These access improvements may encourage visitors to stay an extra day, enhancing the local economy. This project will help to achieve the community's goals of linking the City of Crescent City, the lands of the Harbor District, and the County area through a continuous Coastal Trail.

Thank you for your consideration of this worthy project. If you have any questions, please feel free to contact my office.

Sincerely,

WESLEY CHESBRO

Subject: Crescent City Harbor District – Letter of Support

Dear Mr. Bosco,

On behalf of the City Council of Crescent City, we very strongly support funding for the construction of a Waterfront Promenade surrounding the Inner Boat Basin and an extension of the Coastal Trail. The extension of the Coastal Trail and construction of the Waterfront Promenade around the Inner Boat Basin are essential to the overall improvement and development of the Harbor, increasing the attractiveness of the area to visitors and locals alike. The access improvements will encourage visitors to stay an extra day, thereby enhancing the economy of our area. The project will help to achieve the community's goals of linking the City of Crescent City, the lands of the Harbor District, and the County area through a continuous Coastal Trail.

These improvements to the Harbor are key to the economic development of the Harbor and the attraction of additional visitors to our community. The economic success of the Harbor is vital to the City of Crescent City, the Harbor District and the businesses of our community.

Your consideration of this grant application is appreciated.

Sincerely,

Kathryn Murray
Mayor
