Mr. Douglas Bosco, Chairman
 State Coastal Conservancy
 1330 Broadway, 13th Floor
 Oakland, CA 94612

Dear Chairman Bosco:

I write this letter in support of the application from Coastwalk California for "Coastal Trail Project Assistance - Phase II". I strongly support this project and believe that it is essential to the long term success of the California Coastal Trail (CCT).

The proposed project encompasses three important endeavors that are crucial to ongoing support for, and the longer-term completion of, the CCT. First, Coastwalk will engage in the development of a California Coastal Trail Association. The concept of a California Coastal Trail Association will be modeled after other successful long-distance trail associations such as the nonprofit Pacific Crest Trail Association. Development of such an association will cultivate collaboration on the CCT program local government and State agencies as well as trail stakeholders.

Coastwalk will also continue its California Coastal Trail Signing Program. This program marks the CCT with an insignia that promotes public awareness of the Trail and shows Trail users its route. Coastwalk's signage program also facilitates communication and recordkeeping between local government and the State, ensuring that land use documents and maps are in sync at both levels of government.

Additionally, Coastwalk will assist the Conservancy in promoting and building public awareness of the CCT. The California Coastal Trail provides so many benefits to California. Its economic contributions are significant as a tourism draw, stimulus to local trailside businesses and enhancement of property values. It provides low cost healthy outdoor recreation for people from all walks of life and contributes to overall public health by offering a beautiful venue for exercise. It also serves as a non-motorized transportation trail in urban areas and ensures public access to the coastline along all fifteen coastal counties as is mandated by the Coastal Act.

I encourage you to help fund this valuable project.

Thank you for your consideration. If you have any questions, please feel free to contact my office.

Respectfully,

WESLEY CHESBRO
 Assemblyman, 1st District
