

BAY AREA CRITICAL LINKAGES

DRAFT Linkage Design: Blue Ridge to Marin Coast Connection

The Stuart Creek Fish Passage project is located within a pinch-point in the draft Blue Ridge to Marin Coast Connection of the Bay Area Critical Linkage Design

- Linkage Design
- Protected Areas and Easements
- Large Landscape Blocks
- County Boundaries
- Streams and Rivers
- Interstates and U.S. Routes
- State Highways
- Railroads
- Light Rails

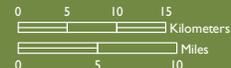

Note: This draft linkage design does not yet include the full aquatic component for 4 fish focal species.

In Partnership with the San Francisco Upland Habitat Goals Project
