RE: Letter of Support for City of Crescent City Beachfront Park Access Project

Dear Mr. Jarausch,

I am writing in strong support of the Beachfront Park Howe Park East/ West Access Project. The proposed Beachfront Park Coastal Access project will greatly enhance the public's ability to safely access some of Northern California's finest ocean beaches. The project proposes to construct a new staircase over an existing rock revetment along the California Coastal Trail in Beachfront Park so visitors can access the Crescent City Harbor Beach without traversing the hazardous revetment.

Also, the addition of a new ADA access ramp at Howe Park West will create accessibility to the most vulnerable segments of the population. Finally, the project proposes to create additional recreational opportunities along the California Coastal Trail with the addition of new picnic areas adjacent to the Trail and a proposed staircase.

Thank you for your consideration of this most worthwhile project. If you have any questions, please do not hesitate to contact my office.

Respectfully,

WESLEY CHESBRO
Assemblyman, 2nd District

RE: Letter of support for Crescent City Beach Front Access Project

Dear Mr. Jarausch,

I am writing this letter to support Crescent City's application for a \$125,000 grant through the California Coastal Conservancy to fund the Crescent City Beach Front Park Access Project. The funding would be used to make improvements at this popular destination.

The City of Crescent City is proposing to build a new staircase along the California Coastal Trail to create a safe route to the beach over an existing rock barrier. They also plan to construct a picnic area, install signage and add parking at this location. An ADA access ramp is also planned at Howe Park West. The project will utilize existing city property and offer better opportunities for local residents and visitors to access the beach in a safe manner, where they will find improved amenities that will promote healthy living through increased outdoor activities. This will also help support the local economy for businesses near and around the park.

I am confident this is a project that can be a powerful and positive step for Crescent City and thank you for considering this project to improve the Crescent City Beach Front Park.

Sincerely,

A handwritten signature in black ink that reads "Jim Nielsen".

Jim Nielsen

Dear Mr. Jarausch

The Crescent City – Del Norte Chamber of Commerce supports the Beachfront Park Howe Park East/West Access Project. This project will create a safe access to ocean beaches along the California Coastal Trail by constructing a staircase and ADA access ramp to the beach from Beachfront Park. It will also increase family and individual recreation opportunities along the coastline via new picnic areas.

Development of the Beachfront Park will attract visitors and tourists to our area which will further help local businesses and boost the economy.

Additionally, the project will promote healthy living through outdoor recreation, access to ocean beaches and various means of interacting with the natural environment.

The Chamber of Commerce supports this Access Project and the benefits that it will provide to the entire region. Thank you for your consideration.

Sincerely,

Dear Mr. Jarausch,

The Crescent City Harbor District would like to voice its support for the City of Crescent City's Beachfront Park Howe Park East/ West Access Project. This project will not only offer local residents and visitors increased opportunities to safely access the beach but also spend time at the improved park amenities.

In addition to promoting healthy living through outdoor recreation, these improvements will help attract visitors and tourists to Beachfront Park which will strengthen the local economy.

The Crescent City Harbor District supports the City of Crescent City's Access Project which will be a benefit for our region. Thank you for considering this proposal.

Sincerely,
