

California State Senate

SENATOR
MIKE MCGUIRE

SECOND SENATE DISTRICT

October 12, 2015

Chairman Doug Bosco
State Coastal Conservancy
1330 Broadway, 13th floor
Oakland, CA 94612

Dear Chairman Bosco:

I am writing to express my support for the Northcoast Regional Land Trust's (NRLT) proposed Phase II Wood Creek Enhancement Project. The project will restore and enhance valuable wetlands, providing critical habitat to coho salmon and other special status fish and wildlife.

The project is located on NRLT's Freshwater Farm Preserve near Eureka, which is a valuable community open space and environmental education center. The recent completion of the Freshwater Nature Trail presents a great opportunity to use the proposed Enhancement Project to educate the public about the value of wetland restoration. This type of project advances the dual goals of benefiting vibrant rural communities and viable fish populations in our Northern California rivers.

Anadromous fish restoration and recovery is very important to my district for ecological, economic and cultural purposes. This is an important project for the restoration of valuable estuarine wetlands and wildlife habitat and is a model for cooperative restoration efforts providing multiple benefits to our north coast communities.

I thoroughly support these types of fisheries restoration projects. If we can be of any assistance, please do not hesitate to call our office at (707) 445-6508.

Warmest Regards,

Dear Chairman ~~Bosco~~:

Doug

The County of Humboldt is very supportive of the Northcoast Regional Land Trust's (NRLT) proposed Phase II Wood Creek Enhancement Project. The project will restore and enhance valuable wetlands, providing critical habitat to Coho salmon and other special status fish and wildlife.

The project is located on NRLT's Freshwater Farm Preserve, which is a valuable community open space and environmental education center. The recent completion of the Freshwater Nature Trail presents a great opportunity to use the proposed Enhancement Project to educate the public about the value of wetland restoration.

We respectfully encourage you to support this important project for the restoration of valuable estuarine wetlands and wildlife habitat.

Sincerely,

Estelle Fennell, Chair
Humboldt County Board of Supervisors
