Exhibit 1: Project Location Map

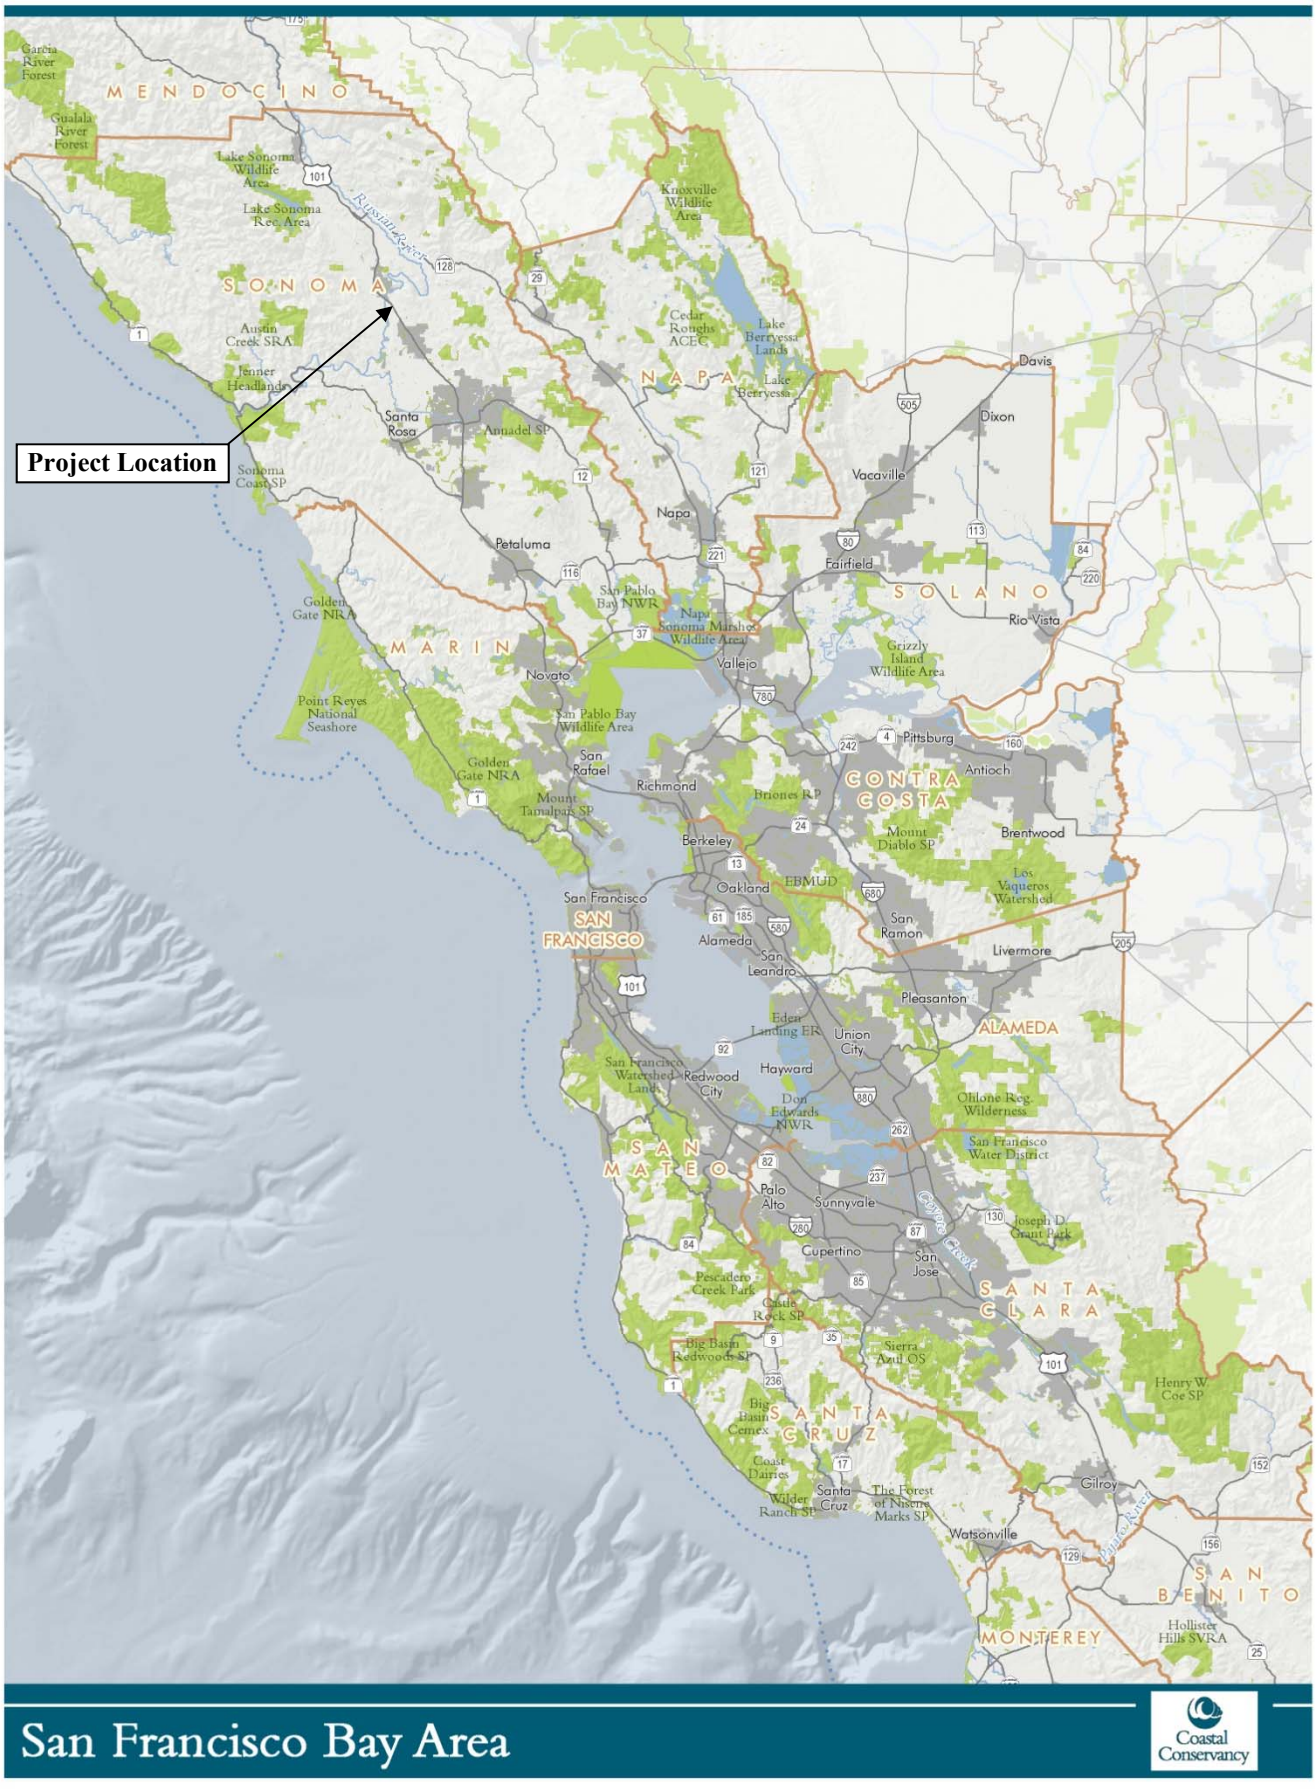

Exhibit 1: Project Location and Site Map

Map 1: Regional Map

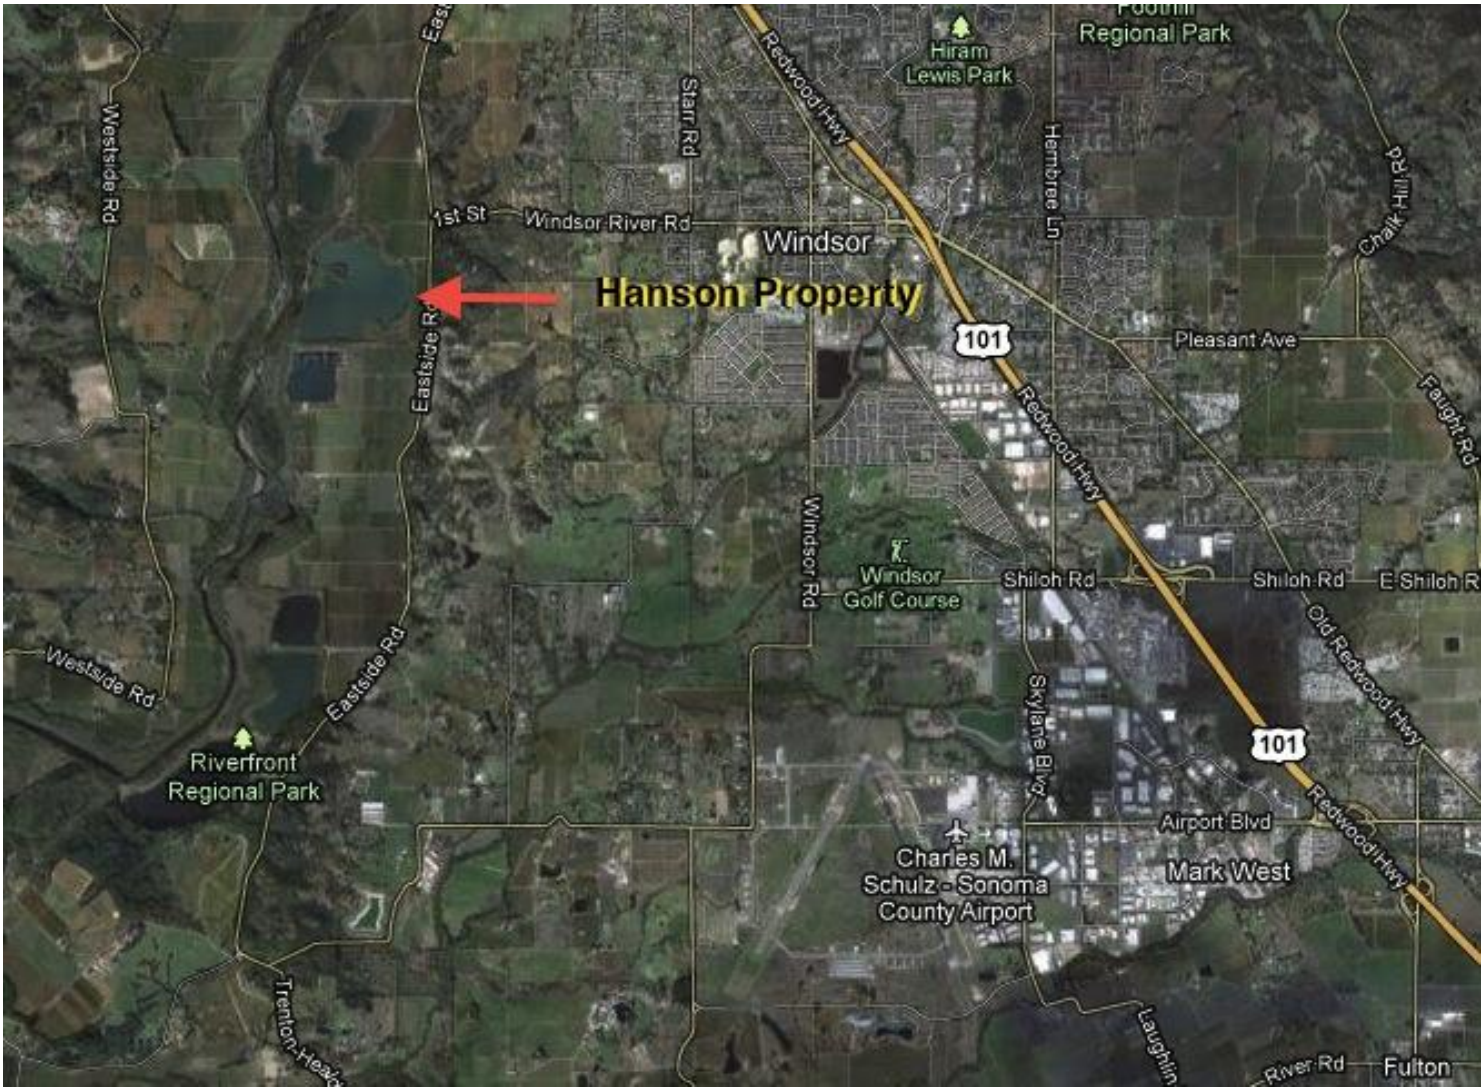

Exhibit 1: Project Location and Site Map

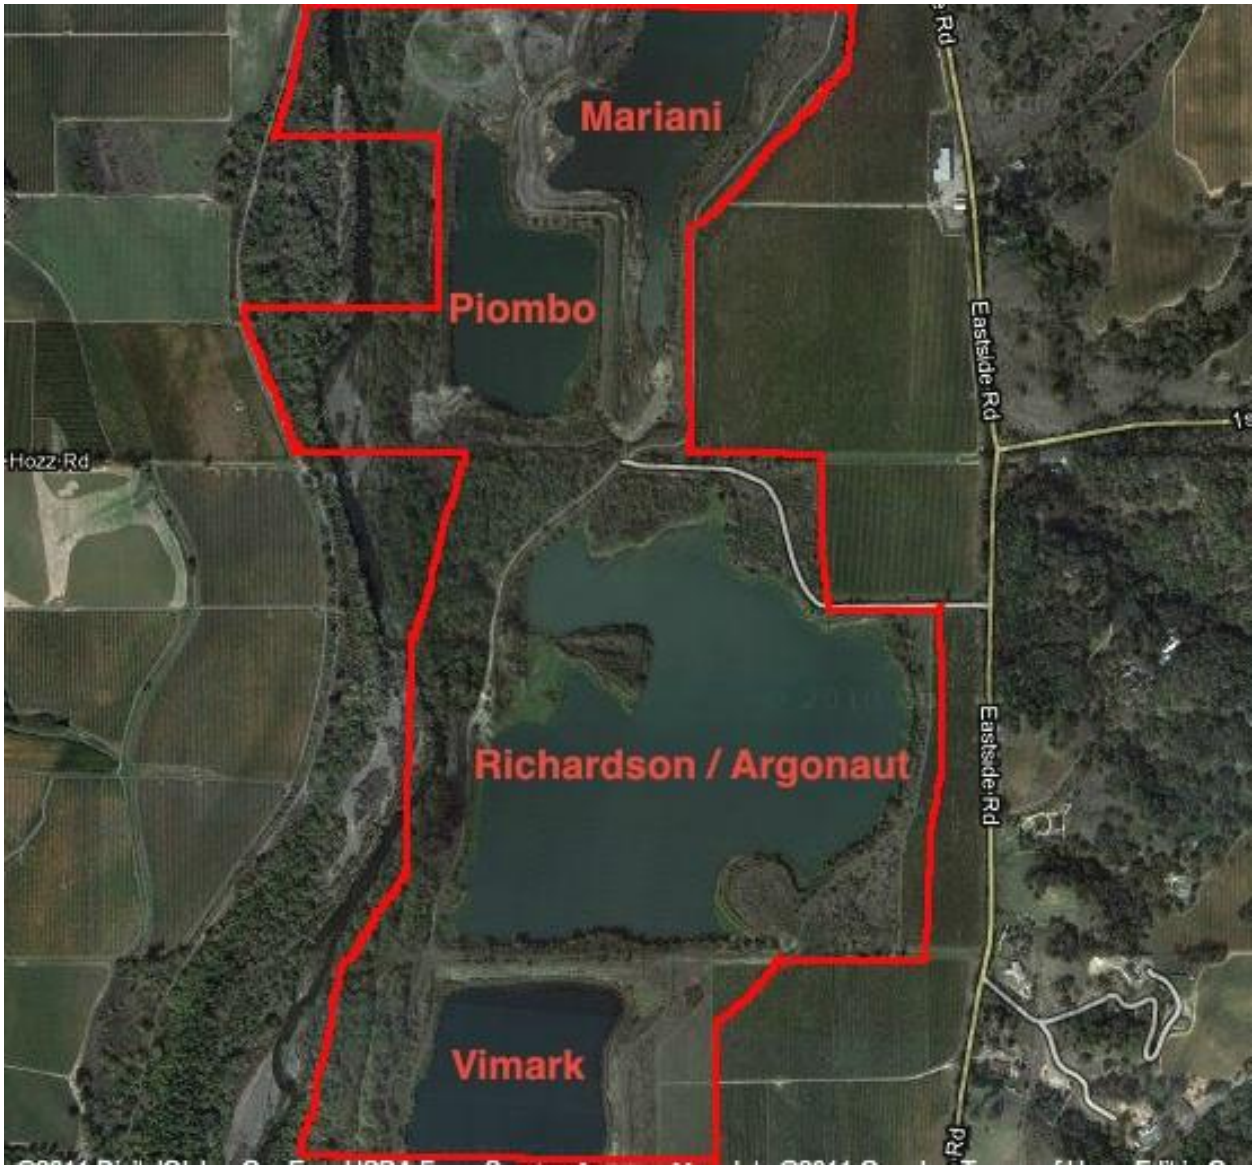
Map 2: Site-Scale Map



Photographs:

The Hanson Ponds looking west showing the Russian River on the west side of the ponds. From north to south, the ponds are Mariani, Piombo, Richardson and Vimark.

The Russian River backflows into the north end of the Richardson Pond approximately every 1 to 1.5 years. The river lays just beyond the berm in the background.

Exhibit 1: Project Location and Site Map

Sonoma County Parks Riverfront Park located south of the Hanson property.

The Passalaqua Pit offers a glimpse of the type of habitat that could be restored at the Hanson Ponds.
