RE: Letter of Support – Blue Lake Rancheria’s grant application for the Mad River Spit and 4050 US Highway 101 Projects

Dear Chairman Bosco,

As the Assemblymember representing Humboldt County, I support the Blue Lake Rancheria’s application, which will represent a vital opportunity to protect and restore key coastal ecosystems while advancing environmental sustainability and tribal sovereignty in our region.

These properties are not only critical for coastal habitat preservation but also hold great potential for advancing education, research, and community partnerships. I respectfully urge the California Coastal Conservancy to approve Blue Lake Rancheria’s grant application and support this meaningful project. The acquisition of these properties will provide lasting benefits to the environment, the local community, and future generations.

I encourage you to give this application your full consideration. Please feel free to contact me at 707-576-2526 if you have any questions or require additional information.

Sincerely,

A handwritten signature in black ink that reads "Chris Rogers".
