

Website Accessibility Certification

California State Coastal Conservancy

The California State Coastal Conservancy is committed to providing accessible access to the information contained on our website. The organization is working to satisfy Priority 1 and 2 guidelines, for "AA" compliance of the World Wide Web Consortium (W3C), Web Content Accessibility Guidelines 2.0.

We strive to maintain all information at acceptable accessibility levels, but some of the older and historical documents, which provide value to our website visitors, do not meet the defined standards. If you are unable to view or access one of these documents, please contact us at our [ADA compliance desk](#) and we will assist you.
