Amy and Megan,

I see that the Conservancy's Ballona Wetlands Restoration Project page still has not been updated with any information about the recent Court ruling. Does the Conservancy still believe that CDFW "anticipate[s] permit applications for these sequences will be submitted by June 2023"? The lack of transparency and accountability for this project as it continues to waste time and money is truly deplorable.

Attached are my presentation slides for next week. I would also like to play the clip from the May 27, 2021 Coastal Conservancy meeting starting at the linked timestamp below.

<https://youtu.be/w7S4A177FKs?t=12513>

Thank you.
