Subject: Letter of Support, Santa Ana River Mouth Monitoring Project, Orange County

Dear California Coastal Conservancy Review Panel:

The California State Lands Commission is pleased to support Orange County Coastkeeper's application for grant funding to support the Santa Ana River Mouth Monitoring Project (SAR Monitoring Project). SAR Monitoring Project provides valuable data on how the Santa Ana River Mouth area is used by the public and delivers education and outreach to the public about the endangered species that utilize the area annually.

Support from the California Coastal Conservancy will allow Orange County Coastkeeper to continue its work to collect data and provide community engagement and education around the issues of endangered species and recreation in coastal Southern California.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Brian Bugsch', is written over a white background.

Brian Bugsch, Chief
Land Management Division
